

MUHAMMAD PUTRA JUNDARIS

Pangkalpinang, Bangka Belitung, Indonesia | +62 856-0924-1191 | Putrajer663@gmail.com

Based in Indonesia, GMT+7 | Open to international contractor, internship, entry-level, graduate, and EOR arrangements

Target Roles: Environmental Laboratory Assistant | Research Assistant | GIS Mapping Assistant | Junior Data Analyst | Remote Research and Administrative Support

PROFESSIONAL SUMMARY

Biology undergraduate with hands-on experience in environmental laboratory analysis, water quality testing, microbiology, GIS mapping, and data analysis. Processed and analyzed 20+ environmental water samples per week during a government laboratory internship. Skilled in UV-VIS spectrophotometry, Atomic Absorption Spectrophotometer (AAS), coliform testing, sample handling, QGIS, R, Excel, and scientific reporting. Based in Indonesia and available for remote, contract, internship, entry-level, or graduate opportunities with APAC and international teams.

INTERNATIONAL REMOTE WORK READINESS

- Available for remote collaboration from Indonesia in GMT+7, including APAC-friendly schedules.
- Open to international contractor, freelance, internship, entry-level, graduate, or Employer of Record arrangements, subject to employer requirements.
- Able to support written reporting, spreadsheet tracking, research documentation, data entry, email communication, and remote administrative tasks.
- English C1 and Indonesian native speaker, with experience communicating technical and organizational information clearly.

CORE SKILLS

Environmental Laboratory: Water quality analysis, microbiological testing, coliform analysis, sample handling, quality control, SOP compliance, laboratory documentation

Laboratory Instruments: UV-VIS Spectrophotometer, Atomic Absorption Spectrophotometer (AAS), spectrophotometric testing

GIS and Data Analysis: QGIS, Geographic Information Systems (GIS), spatial analysis, ecological mapping, R, Microsoft Excel, statistics, data reporting

Bioinformatics: RNA sequencing, molecular docking

Digital Tools: Microsoft Word, Microsoft Excel, Microsoft PowerPoint, Canva, basic graphic design

Professional Skills: Research support, written communication, presentation, teamwork, leadership, problem solving, adaptability

PROFESSIONAL EXPERIENCE

Laboratory Analyst Intern

Department of Environment and Forestry, Bangka Belitung Islands Province | Pangkalpinang, Indonesia | Aug 2025 - Nov 2025

- Processed and analyzed 20+ environmental water samples per week while following laboratory testing procedures and quality standards.
- Performed microbiological water testing, including coliform analysis, to support environmental water quality monitoring.
- Tested chemical parameters, including total nitrogen and total phosphate, using spectrophotometric methods.
- Operated UV-VIS Spectrophotometer and Atomic Absorption Spectrophotometer (AAS) for environmental laboratory analysis.
- Supported accurate sample handling, laboratory workflow, data recording, and quality control procedures.
- Collaborated with the laboratory team to support environmental monitoring, analysis, and reporting activities.

PROJECTS

Spatial Analysis of Sea Cucumber Distribution Using QGIS

Undergraduate Thesis, University of Bangka Belitung | Bangka Belitung, Indonesia | 2025 - 2026

- Conducted ecological and spatial analysis of *Holothuria atra* distribution in coastal ecosystems.
- Mapped habitat preference patterns using GIS-based mapping techniques in QGIS.
- Analyzed project data using R and Microsoft Excel for statistical interpretation and reporting.
- Interpreted the influence of tidal conditions on species distribution patterns.

LEADERSHIP AND ORGANIZATION EXPERIENCE

Advocacy Division Lead

Biology Student Association, University of Bangka Belitung | Bangka Belitung, Indonesia | Jan 2024 - Jan 2025

- Collected and communicated student concerns and advocacy issues to university stakeholders.
- Led division members and coordinated program planning, task delegation, and activity execution.
- Designed and organized an annual mental health talk show for students.
- Built leadership, public communication, teamwork, and problem-solving skills through student organization work.

Active Member

Teater Gita Persada, SMA Negeri 1 Pangkalpinang | Pangkalpinang, Indonesia | Sep 2017 - Jan 2020

- Managed administrative documentation and proposal preparation for major activities.
- Wrote scripts and supported creative production activities for theatre performances.
- Directed and coordinated multiple stage performances while supporting event management and team coordination.

EDUCATION

Bachelor of Science Candidate in Biology

University of Bangka Belitung | Bangka Belitung, Indonesia | 2022 - 2026

- Current status: Graduated | GPA: 3.60 / 4.00

High School Diploma

SMA Negeri 1 Pangkalpinang | Pangkalpinang, Indonesia | 2017 - 2020

LANGUAGES AND INTERESTS

- Languages: Indonesian, native | English, C1 professional proficiency in reading, speaking, listening, and writing.
- Interests: Environmental science, laboratory analysis, quality assurance, medical and health research, GIS, ecological research, and remote research support.
